Lifeline®

Personal Response Service

Help is just the push of a button away!

Whenever help is needed, one press of your Lifeline® button will activate a small unit in your home.

This puts you in touch with the staff at Lifeline Central who will call you to find out what type of assistance is needed.

If you press your button and cannot speak, the staff at Lifeline will call your responder(s).

Your responder (friends, neighbors, or relatives) will come to your home to check on you. If you need professional help, the staff will notify them immediately.

You can rely on Lifeline, even if you cannot summon for help.

Who benefits from Lifeline?

People subscribe to Lifeline for many different reasons. Some for the independence it provides. Some for the security. Some for the peace of mind. Among these numerous Lifeline users there are:

1. Active seniors who live alone.
2. Physically-challenged persons.
3. People who are concerned about their safety or security and want personalized assistance.
4. People with chronic medical problems.
5. Post-operative patients who want to maintain a link to medical assistance.
6. New mothers who may need help but are unable to leave their infants unattended.

Give your family peace of mind.

With Lifeline, your loved ones can rest assured that you are safe, secure, and happy in your home.

If you do need help, we will call the right kind of help for you. It may mean simply asking your neighbor to look in on you or calling a rescue squad if necessary.

Once a month, a test call will need to be done. This is to ensure your Lifeline is functioning properly.

Cost of Lifeline Service

The price of Lifeline Response Service is affordable and there is no need to make a long-term commitment.

1. \$40 installation charge.
2. Monthly monitoring fee of \$30.
3. No fee to have unit removed.

Financial assistance may be available to those who qualify. Please ask for more information.
