FARMERS' EDITION!

MONDAY, MARCH 3, 2025

5:30 P.M. Meal • Farm Safety Trivia • 6:30 P.M. Training

EVENT LOCATION: Franciscan Healthcare Hospital, 430 N. Monitor Street, West Point, NE 68788

STOP THE BLEED® protocols on farms could significantly reduce fatalities from severe bleeding injuries due to the high prevalence of potentially life-threatening farm accidents involving machinery, animal attacks, and falls, which can result in major wounds requiring immediate bleeding control.

Death can occur from life threatening blood loss in less than FIVE minutes...before an ambulance can arrive!

THIS IS A FREE EVENT!

RIGHT HERE! We will be serving a complimentary meal to all who attend this informative event.

FREE!

\$60 VALUE

EACH FARM PLACE OR BUSINESS LOCATION WILL RECEIVE ONE **STOP THE BLEED KIT FOR FREE!**

SEATING IS LIMITED so you must **PRE-REGISTER** by calling Rick Wimer.

Franciscan Healthcare

The STOP THE BLEED® campaign is a cooperative effort between the U.S. Government, the private sector and the American public. It is one of the nation's largest public health campaigns and is designed to enhance anyone's ability to take decisive, lifesaving action to assist victims with traumatic injuries. This will be accomplished by providing the public with both the knowledge and tools necessary to stabilize an injured person and control severe bleeding until first responders arrive on the scene.
